Area of support: Children and youth, including children and youth at risk

Results of the evaluation of the submitted projects in the 1st Open Call for Project Proposals

APPROVED APPLICANTS:

PRIORITY AREA 1: Children, Youth and Active Citizenship					
Code	Applicant	Name of the Project	Requested amount	Approved amount	Annotation of the Project
DM-1-034	Slovak Governance Institute	Local government needs locals	43 057,00 €	39 057,00 €	The goal of this project is increasing the awareness among youth regarding local municipalities, possibilities of active participation and solving local problems. Project activities will consist of two parts. The first part will focus on education - high schools students will learn what the role of municipality and its basic competences are. In the next part of the project, they would be given an opportunity to experience various methods of participating in their local governments. All activities will be based on work with multimedia and online tools and materials.
DM-1-047	Tree of Life	Bio-profiles of cities and towns in Slovakia	41 230,00 €	37 230,00 €	The goal of this project is the active participation of young people in identifying indicators of environmental quality of the community and creating bio profiles of cities and towns in Slovakia. Project has the ambition to encourage the young people to have responsibility to fully use of their rights. The local authorities will be forced to respond to the demands and opinions of citizens. The main engine for gathering indicators of local environment will be a youth of the second stage of primary school and secondary school, to whom this project will supply provide the "know how" and provide a basic equipment for the collection and evaluation of

					kids and with activities saturate them. Applicant also want to work with external sources – volunteers, department social workers, teachers and involved them to the project.
DM-1-020	C.A. Odysseus	TABOO THEMES OPENLY	30 000,00 €	30 000,00 €	The goal of this project is to increase awareness amongst young people about sex and drugs, and to increase accessibility of harm reduction services. They act in the context of increasing prevalence of drug use among young people and increasing vulnerability to STD's and AIDS. Project is realized by young people for young people – in the places where it is really necessary – in recreational environment of young people (festivals, clubs) and on the Internet.
DM-1-017	Civic association Help for Children in Danger	The tree of help and its fruits	17 082,00 €	17 082,00 €	The goal of this project is to realise innovative form of prevention for primary school pupils, who do not come into contact with the topic of domestic violence (sexual abuse) at school. The main intention is to let children recognize domestic violence, to be able to decide what is normal and what is not from the point of view of their own safety and then be able to look for the help of adults for themselves or the others. Prevention will be done by the medium of interactive statue - a tree, which will migrate through 40 schools in Bratislava and create domestic violence and CAN syndrome awareness in pupils and teachers. At the same time it enables to catch up currently hidden cases of endangered children. Intervention for the CAN children will be provided with the form of individual psychological work with the child which is inevitable for processing of traumatic experience. Current group forms of intervention will be enriched by hippoteraphy twice a month.
DM-1-009	Local Association	Community Centre - Together	34 118,00 €	30 000,00 €	The goal of this project is to create a community

	YMCA Nesvady	we achieve more			centre which reacts and solves problems and needs of local community, particularly of children, youth, families, marginalized groups, but also of general public. The project is primary oriented on children, youth, on mothers with children and cooperation with the parents and pedagogues. Through educational and free time activities the clients will be led to create non-formal self-help groups where they will have possibility to contribute not just to their own situation but also to change in solving problems in community. Project leads to the prevention, intervention, motivation and advocacy, it reflexes complex approach, it improves communicational and life skill of clients. It involves two marginalized groups – children with special needs and Roma children, and creates a systematic work for them.
